About This Certificate

This certificate is to confirm that the drone mentioned above has been passed as fully operational by the technical team at DJI-approved repair centre, Colena Ltd T/A heliguy™.

Always perform full pre-operation tests before using this equipment.

heliguy™ cannot guarantee the ongoing full and safe operation of this equipment, only that it is in this condition when the test was performed.

To ensure that your equipment is maintained, please return it to us on the 'Retest Date', as listed on this certificate, for inspection.
